

CSW Broadband are coming to a location near you!

Over the next few months CSW Broadband will be coming to each of the Districts with their spring/summer roadshow. They will be explaining where they are with the project, showing the latest maps, and answering all of your questions.

All are welcome to attend, and if you can't make the date that is in your area then you are welcome to attend one of the others (although some information will be tailored to the location for each event).

Booking couldn't be more straightforward, simply go to the Eventbrite page, select your chosen event and complete registration form.

Why should you book? Because it will help us to understand where attendees are from, and will enable the team to keep you posted with event updates.
