BRINGING SUPERFAST BROADBAND TO OUR RURAL AREAS

The campaign to bring faster broadband to **XXX** is progressing well. Many residents have completed the on-line surveys, but there are still areas where we need to gather information. We need to circulate and collect paper-based questionnaires to every household. Can you help with collection and delivery?

We also need volunteers to help enter the data into the on-line surveys (this is the only way in which the information can be used by the project team at Warwickshire County Council). Data entry takes about 2 minutes per survey and instructions will be given.

Finally, we would like to offer a prize draw to encourage a timely return of surveys – are you able to offer prizes?

For more information please contact your Local Broadband Champions for **XXX: XXX (give contact details)**

Don't forget - we need to show that there is a high level of demand for improved broadband in our area if we are to attract investment improved broadband connectivity, and we have a limited time in which to do this.

If you would prefer to complete the surveys on-line visit <http://www.cswbroadband.org.uk/> - there is one survey for domestic use and one for business use, so if you run a business or work from home please do both – and encourage your neighbours to do it as well because the more people that respond from a given area the higher priority it will be. All surveys completed on-line will also be entered into the prize draw. If you experience any difficulty in completing the survey please email broadband@warwickshire.gov.uk

A couple of minutes could make all the difference to our village getting superfast broadband!
